AMEND Senate Bill No. 473*

House Bill No. 795

by deleting all language after the enacting clause and substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 67-5-509(f), is amended by deleting the subsection in its entirety and substituting instead the following:

(f)

(1) An assessor shall correct an error in coding, entry, or transcription of data, if documentation clearly establishes that an error occurred and that the error affected the property's value as of the assessment date. The assessor shall also correct errors in the ownership, location, or physical description of property. An assessor may not revisit, as a correction of error, matters requiring an application of the assessor's judgment, such as the quality of fit or finish in a structure, the degree to which location or depreciation affects property value, or the degree of comparability of a property to others in the relevant market.

(2) On appeal, an owner aggrieved by the assessor's decision with regard to the correction of an error may argue the applicability of this section, including whether the error affected the recorded value, but the appeal may not reopen issues of value generally that should properly have been raised before the county board of equalization.

AMEND Senate Bill No. 473*

House Bill No. 795

(3) The assessor's conclusion that a residential duplex was fully available for rent as of the assessment date is not a correctable error absent a demonstrated mistake in coding, entry, or transcription of data. Errors or omissions correctable under this section do not include clerical mistakes in tax reports or schedules filed by a taxpayer with the assessor.

SECTION 2. This act shall take effect upon becoming a law, the public welfare requiring it.
